

Material Safety Data Sheet

1. Identification

Codling Moth Trap

Two parts a. attractant
 b. sticky trap

2. Composition

Laspeyresia pomonella

Sticky Trap

non drying adhesive coated onto card. Polyolefin plus food grade wax.

3. Hazards

The trap and components should not cause any hazard in normal use. The glue may cause slight skin irritancy.

4. First Aid Measures

Skin contact with sticky trap - Remove adhesive with proprietary cleanser and wash with soap and water.

5. Fire Fighting

No special precautions

6. Accidental Release Measures

Not applicable

7. Handling and Storage

All goods should be handled under good house keeping practices. Store in cool dry conditions.

8. Exposure Controls/Personal Protection

Not applicable

9. Physical and Chemical Properties

A- Attractant

B-Adhesive

Appearance	Colourless Liquid	Translucent Liquid
Odour	Non Obvious	Non Obvious
Solubility in Water	Insoluble	Insoluble
Melting Point	31-32 C	-
Flash Point	62 C	>155 C

10. Stability

Stable under normal conditions

11. Toxicology

	A- Attractant	B- Adhesive
Acute oral (rat)	>3,250 mg/kg	>20g/kg

12. Ecological Information

This product is believed not to be dangerous to the environment with respect to mobility, persistency and degradability, bioaccumulative potential, aquatic toxicity and other data relating to ecotoxicity.

13. Disposal Considerations

No special disposal method required, except that it be in accordance with current local authority regulations.

14. Transport Information

Non-hazardous.

15. Regulatory Information

Preparation does not contain ingredients listed as a dangerous substance in Annex 1 of the EEC directive 67/548.

16. Other Information

The information contained in this Safety Data Sheet, as of the issue date, is believed to be true and correct. However, the accuracy of completeness of this information and any recommendations or suggestions, are made without warranty or guarantee. Since the conditions of use are beyond the control of our company, it is the responsibility of the user to determine the conditions of safe use of this product.
